#### **Jeanette Williams:**

As a pupil exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some e-book, they are complained. Just small students that has reading's internal or real their interest. They just do what the professor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring as well as can't see

colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Project Management for Environmental, Construction and Manufacturing Engineers: A Manual for Putting Theory into Practice can make you experience more interested to read.
