Whispers Through Time: Communication Through the Ages and Stages of Childhood (A Little Hearts Handbook) L.R. Knost

Communication is the key to peaceful, effective interactions between parents and children. When normal childhood behavior is viewed as normal instead of something to be corrected and controlled, communication creates the bridge to developmentally appropriate growth, maturity, and independence. Written by best-selling parenting and children's book author and mother of six, L.R.Knost, 'Whispers Through Time: Communication Through the Ages and Stages of Childhood' is a rethinking of mainstream parenting's perception of normal childhood behaviors coupled with simple, practical approaches to parent/child communication at each stage of development from tots to teens.
