Basic ICD-9-CM Coding Lou Ann Schraffenberger

This comprehensive, step-by-step instructional book provides the reader with a solid introduction to ICD-9-CM coding. Designed to instill the fundamental knowledge and practice needed to understand the ICD-9-CM coding classification, it helps develop essential basic-level diagnostic coding skills and offers valuable benefits to: The student who is learning the basic principles and conventions of ICD-9-CM coding. The educator who uses examples and illustrations of the application of coding principles based on actual case documentation. The professional who requires the official guidelines for coding and reporting. Basic ICD-9-CM Coding consists of 23 chapters covering each section of ICD-9-CM coding, from Basic Procedures and Diagnostic Coding, to the Prospective Payment System and the Uniform Hospital Discharge Data Set. There is a handy alphabetic Index to Diseases and a Tabular List of Diseases and Injuries for each body system in the classification. This book explains the supplementary classifications of ICD-9-CM coding and provides instruction on E codes and V codes. Principles of coding are clearly explained and progressively reinforced throughout the book. There are challenging exercises and case studies, with a review exercise following each chapter. The coding self-test at the end of the book enables the reader to assess their own learning and identify areas of strength and weakness

From reader reviews:

Billie Duran:

As people who live in typically the modest era should be up-date about what going on or information even knowledge to make them keep up with the era that is always change and progress. Some of you maybe will certainly update themselves by reading through books. It is a good choice for you but the problems coming to a person is you don't know what kind you should start with. This Basic ICD-9-CM Coding is our recommendation so you keep up with the world. Why, because this book serves what you want and wish in this era.

Joyce Loza:

A lot of people always spent all their free time to vacation or perhaps go to the outside with them family or their friend. Do you know? Many a lot of people spent that they free time just watching TV, as well as playing video games all day long. If you would like try to find a new activity that is look different you can read a new book. It is really fun in your case. If you enjoy the book which you read you can spent the entire day to reading a publication. The book Basic ICD-9-CM Coding it doesn't matter what good to read. There are a lot of people that recommended this book. These folks were enjoying reading this book. In the event you did not have enough space to bring this book you can buy typically the e-book. You can m0ore very easily to read this book from the smart phone. The price is not too expensive but this book offers high quality.

Terry Dansby:

As we know that book is very important thing to add our expertise for everything. By a publication we can know everything we want. A book is a group of written, printed, illustrated or maybe blank sheet. Every year ended up being exactly added. This guide Basic ICD-9-CM Coding was filled regarding science. Spend your extra time to add your knowledge about your scientific research competence. Some people has several feel when they reading some sort of book. If you know how big good thing about a book, you can truly feel enjoy to read a guide. In the modern era like currently, many ways to get book that you just wanted.

Greg Butler:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just minor students that has reading's soul or real their pastime. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading through is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Basic ICD-9-CM Coding can make you really feel more interested to read.
