The Alpha Woman's Bible Raquel Brown

The Alpha Woman's Bible is a book written by an Alpha Woman in effort to share one woman's ideas, ideals and experiences and to express the relationship between our choices and their consequences, what we consent to and are willing to change.

The "Bible" takes a raw and real look in to the mind of a woman as she dates and explores the world of men and women as well as the world of motherhood with her most important relationship being the one she has with self.

This book is an unstructured effort to tell the truth, to reiterate lessons taught and learned using anecdotes and life experiences. It is intended to humor, to be familiar, to teach and to learn. It is a woman's journey to the ultimate truth about love and what that means to life, itself...what it means to everything that has been taught from childhood and what may have to change to accomplish our ultimate god self, which in its essence IS love.
