Continuing the tradition that has made it a leader in its field, Problems on Professional Responsibility uses problems to provide an overview of lawyers' professional responsibility. One of the most rapidly changing fields in American law, professional responsibility sees new issues, rules and cases each year, all of which are covered in this book. The Ninth Edition covers the American Bar Association's Model Rules of Professional Conduct, which were extensively rewritten in 2002; the American Law Institute's Restatement Third, The Law Governing Lawyers, and issues raised by federal agencies that play an important role in determining lawyer standards. Other changes to this edition include more citing authorities, fewer black letter questions and issues in each problem to allow more time for discussion and questions; and the integration of readings into discussion materials.
