The Oxford History of the Classical World

The Oxford History of the Classical World

The history, achievements, and enduring legacies of Greek and Roman antiquity come to life in the pages of this comprehensive and beautifully illustrated volume.

Following a format similar to that of *The Oxford Illustrated History of Britain*, the book brings together the work of thirty outstanding authorities and organizes their contributions into three main sections. The first section covers Greece from the eighth to the fourth centuries B.C., a period unparalleled in history for its brilliance in literature, philosophy, and the visual arts. The second section deals with the Hellenization of the Middle East by the monarchies established in the areas conquered by Alexander the Great, the growth of Rome, and the impact of the two cultures on one another. The third section covers the foundation of the Roman Empire by Augustus and its consolidation in the first two centuries A.D. A short concluding essay discusses certain aspects of the later Empire and its influence on Western civilization, notably through the adoption of Christianity.

Within each section, chapters dealing with political and social history alternate with chapters on literature, philosophy, and the arts. Maps and chronological charts--not to mention more than 250 illustrations, including sixteen in color--enrich the basic text, along with bibliographies and a full index.

About the Editors:

John Boardman is Lincoln Professor of Classical Archaeology at the University of Oxford. Jasper Griffin and Oswyn Murray are both Fellows Balliol College, Oxford.

The book was published by the very famous author. Mcdougal makes some research before write this book. This specific book very easy to read you will get the point easily after reading this book.

Rick Beard:

Many people spending their time frame by playing outside using friends, fun activity having family or just watching TV the entire day. You can have new activity to spend your whole day by looking at a book. Ugh, ya think reading a book can actually hard because you have to accept the book everywhere? It okay you can have the e-book, having everywhere you want in your Mobile phone. Like The Oxford History of the Classical World which is keeping the e-book version. So , try out this book? Let's find.

Jessie Davis:

As a university student exactly feel bored for you to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just little students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that reading through is not important, boring along with can't see colorful images on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this The Oxford History of the Classical World can make you really feel more interested to read.
