Gender: Key Concepts in Philosophy Tina Chanter

Gender: Key Concepts in Philosophy provides clear and comprehensive exposition and analysis of the main philosophical theories, ideas and arguments that inform, and are raised by, questions of gender and sexuality. It explores both early feminist arguments, which stress 'sameness' between sexes in the interests of equality, and later theories, which emphasise difference. It raises the question of how successfully feminist theory has negotiated the relationship between gender, race and class. The text looks at how Marxist and psychoanalytic theory help to articulate feminist theory and also at how they might inhibit it. It also explores the ways in which the approaches of Foucault and Derrida have been taken up by feminist philosophy to reformulate questions of power and ideology. Finally it addresses contemporary questions of sexuality, transgender and technology, and various political issues faced by women, such as rape, abortion and pornography.

Philosophy undergraduates will find this an invaluable aid to study, one that goes beyond simple definitions and summaries to really open up fascinating and important ideas and arguments.

From reader reviews:

Earl Diehl:

Nowadays reading books become more and more than want or need but also work as a life style. This reading addiction give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book that will improve your knowledge and information. The information you get based on what kind of book you read, if you want drive more knowledge just go with education books but if you want feel happy read one together with theme for entertaining for example comic or novel. Often the Gender: Key Concepts in Philosophy is kind of book which is giving the reader unstable experience.

Linda Amato:

This Gender: Key Concepts in Philosophy is new way for you who has attention to look for some information because it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know otherwise you who still having little digest in reading this Gender: Key Concepts in Philosophy can be the light food for yourself because the information inside that book is easy to get by anyone. These books acquire itself in the form which can be reachable by anyone, yep I mean in the e-book web form. People who think that in reserve form make them feel tired even dizzy this reserve is the answer. So you cannot find any in reading a guide especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss the item! Just read this e-book style for your better life along with knowledge.

Nancy Ochoa:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some publication, they are complained. Just minor students that has reading's spirit or real their hobby. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Gender: Key Concepts in Philosophy can make you feel more interested to read.

Nancy Soto:

What is your hobby? Have you heard which question when you got scholars? We believe that that issue was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. And also you know that little person such as reading or as reading through become their hobby. You must know that reading is very important as well as book as to be the thing. Book is important thing to add you knowledge, except your own personal teacher or lecturer. You see good news or update concerning something by book. A substantial number of sorts of books that can you decide to try be your object. One of them is actually Gender: Key Concepts in Philosophy.
