Opening the Hidden Land (Brill's Tibetan Studies Library)

Saul Mullard

Opening the Hidden Land (Brill's Tibetan Studies Library) Saul Mullard

In this first monograph on the history of Sikkim, the author challenges traditional Sikkimese historiography to rigorous historical enquiry by comparing it to original seventeenth and eighteenth century sources and exposes the contradictions found within traditional narrative traditions. This book highlights, not only, how and why traditional historiography was developed but also redefines contemporary knowledge of the history of Sikkimese state formation. The book touches on key themes such as Tibetan understandings of state, kingship and the role of Buddhism in justifying political administration as well as social stratification and the economy of pre-modern Sikkim. This book will undoubtedly prove useful to those working on the development of historical traditions and state entities in Tibet and the Himalaya.
