The Rosicrucian Philosophy Questions and Answers Max Heindel

The questions contained in this book have been asked of the writer after lectures delivered by him in various cities, and, in most cases, the questions reveal a certain knowledge of the subject on the part of the inquirer. For the benefit of those who are not familiar with The Rosicrucian Cosmo-Conception, it may be well to give the following information concerning the philosophy and the terms used. With that key, it will be easy for anyone to understand the answers to the questions. It may also be in place to state at this point that each question has been answered regardless of what has been said in answer to any other question, so that each answer is complete in itself. This has occasioned repetition of some things said in answer to one question when replying to another which is similar, but it will be found that in all cases where there is such repetition it presents a new aspect of the subject, so that the writer has no apology to make, for he considers the method used of greater value than a reference to some other answer which perhaps the inquirer might not have time to look up.
