**The Scholar and the Tiger: A Memoir of Famine and War in Revolutionary China** David Wen-wei Chang, Alden R. Carter

*The Scholar and the Tiger* is at once a compelling family saga, thriller, social history, and spiritual journey. Written by a noted China scholar, assisted by a writer friend, the story brings to life a tumultuous period in Chinese history while providing surprising insights into China's emergence as a global power.

Wen-wei Chang was born in 1929 as famine gripped northern China, taking the lives of countless peasants, including his father. Only his iron-willed mother kept the family alive. The eldest son, Wen-po, joined the army. Eighteen years Wen-wei's senior, Wen-po fought bandits, opium smugglers, the Japanese, and Mao's Communists, becoming known as "Tiger Chang."

Meanwhile, Wen-wei—a brilliant scholar from childhood—seemed destined for a career in the age-old mandarin tradition of civil service. But civil war intervened, forcing him to evacuate his ill mother and two sisters-in-law and their children only days before the Communists reached Beijing. In Shanghai, they were reunited with Wen-po, now a leading Guomindang general who commanded the city's final defenses. Wen-wei refused evacuation to Taiwan, insisting on caring for his mother and making the best life he could under the Communists. But a day after the occupation of the city, a terrified friend told Wen-wei that Wen-po had been left behind and was hiding in the friend's apartment, putting all of their lives at risk.

What follows has all the drama of a spy novel: narrow escapes and rescues, treachery and blackmail, and a final wrenching irony that would tear Wen-wei from his family and homeland. Only after thirty years in America, with a new life as university professor David Chang, is he allowed to return to China to learn the fate of his mother and loved ones—and perhaps to heal his broken heart.

#### **Shannon Thomas:**

As a student exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this The Scholar and the Tiger: A Memoir of Famine and War in Revolutionary China can make you truly feel more interested to read.
