Portrait Painting in Oil 10 Step by Step Guides from Old Masters (Large Edition) Rachel Shirley

Portraiture would seem an artform reserved for the most intrepid and experienced of artists. This large edition guidebook aims to break down a seemingly exacting subject matter into manageable pieces. Within you will find step-by-step instructions on completing 10 old master portraits in oil. Leaving no stone unturned, portrait painting would seem more possible. Each demonstration comprises an overview of a particular oil painting technique to be explored, in-depth step-by-step instructions and (on average) 16 images in progress. The old masters featured include Botticelli, Delacroix, Gauguin, Velazquez, Wright of Derby, Jacques-Louis David, Rossetti and Vermeer. An additional demonstration features a modern-day portrait. Subjects of various ages, sexes and ethnicity help the developing portraitist get to grips with portraying most skin types in painting. As well as these demonstrations, preliminary sections offer guidance on the art materials required, preparing for oil painting and a personal view of portrait painting. At the back of this book can be found remedial techniques for portraiture, a troubleshooting guide and a glossary. These features make this book an invaluable guide for the beginner as well as the developing portraitist. Book's dimensions: 8x10in and 95 pages. Approximately 26,500 words and 220 colour images. Also available as a handy pocket sized edition and on Kindle.
