Reflective Practice in Social Work Christine Knott, Terry Scragg

Reflective practice is a key element of learning and development social work courses. This book explores a range of approaches to reflective practice and will be useful while you are studying and when you subsequently move into practice learning. Through case studies and activities, the book will help you to develop an understanding of the concept of the reflective practitioner, and to learn how you can take a perspective on your own actions and experiences, thus shaping your future practice. Written in three parts, the book starts with a broad exploration of reflective practice, drawing on some of the key texts that have informed its development and some of the processes that can be adopted. It then considers aspects of the development of a reflective practitioner from a range of standpoints. Finally, the management of social work practice and inter-professional leadership are explored in the context of reflective practice. Although written for social work students, the book will also be valuable to post-qualifying students, seeking to maintain their reflective approach, and to practice assessors and social work educators.
