**British Somaliland: An Administrative History, 1920-1960 (Routledge Studies in Middle Eastern History)** Brock Millman

British Somaliland provides a history of the administration of the British Somaliland Protectorate from the time when Somaliland first became governable, following the defeat of Abdullah Hassan, to independence.

Describing the interplay between general imperial policies, and greater realities and developments in Somaliland, the focus of the book remains on the mechanism by which the Protectorate was operated. The regime that developed was, in the end, a highly autocratic despotism, generally benign but occasionally predatory. Independence, when it arrived, was, in retrospect, a tragedy. Somaliland was absorbed into Somalia and a governmental style which suited the conditions of the Protectorate was dissolved into something very different. Since the collapse of Somalia, re-emergent Somaliland appears to be attempting to re-connect to a past remembered as something of a golden age.

Highly topical, as Somaliland is re-emerging, this book is an invaluable resource for students and scholars of African History, Imperial History and British History.
