Disaster Medicine, 1e

Disaster Medicine, 1e

Editor-in-Chief, Dr. Gregory Ciottone, and Associate Editors, Dr. Philip D. Anderson, Dr. Erik Auf Der Heide, Dr. Robert G. Darling, Dr. Irving Jacoby, Dr. Eric Noji, and Dr. Selim Suner, recognized worldwide as authorities in the field, bring you this brand-new reference, which offers comprehensive yet succinct guidance on the preparation, assessment, and management of a full range of disasters, both natural and man-made (including terrorist attacks and the threat of biological warfare). More than 200 contributors carefully outline the basics of disaster management and provide guidance on more than 100 specific disaster situations. Part 1 offers an A to Z source for information on every aspect of disaster medicine and management. Part 2 features an exhaustive compilation of every conceivable disaster event, organized to facilitate fast reference in a real-time setting. The second part of the book also serves as a quick consult on disaster medicine.

- Presents a full range of coverage from the basics of disaster medicine to more advanced concepts, such as tactical EMS, hazard vulnerability analysis, impact of disaster on children, and more.
- Discusses identification of risks, planning of organization and equipment, and education and training.
- Includes individual Concepts and Events sections that provide information on the general approach to disaster medicine and practical information on specific disasters.
- Offers comprehensive coverage of natural disasters, accidental disasters, transportation disasters, and intentional events.
- Includes an exhaustive list of chapters on the conceivable chemical and biologic weapons known today.
- Features a practical chapter organization throughout that covers description of event, pre-incident considerations, post-incident considerations, medical treatment of casualties, unique considerations, pitfalls, case presentations, and suggested reading.
- Discusses the management of future events, or possible scenarios, for which there is no precedent.

From reader reviews:

Katie Martinez:

Nowadays reading books become more than want or need but also turn into a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book this improve your knowledge and information. The knowledge you get based on what kind of e-book you read, if you want attract knowledge just go with education and learning books but if you want feel happy read one having theme for entertaining including comic or novel. The Disaster Medicine, 1e is kind of reserve which is giving the reader unpredictable experience.

James Anderson:

Often the book Disaster Medicine, 1e will bring you to the new experience of reading a book. The author style to clarify the idea is very unique. Should you try to find new book to see, this book very acceptable to you. The book Disaster Medicine, 1e is much recommended to you to learn. You can also get the e-book from the official web site, so you can easier to read the book.

Vicki Harris:

Playing with family inside a park, coming to see the coastal world or hanging out with pals is thing that usually you could have done when you have spare time, then why you don't try matter that really opposite from that. One activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love Disaster Medicine, 1e, you can enjoy both. It is great combination right, you still want to miss it? What kind of hang type is it? Oh occur its mind hangout folks. What? Still don't have it, oh come on its referred to as reading friends.

Micheal Goggin:

What is your hobby? Have you heard which question when you got college students? We believe that that query was given by teacher with their students. Many kinds of hobby, Every person has different hobby. And you know that little person similar to reading or as studying become their hobby. You have to know that reading is very important along with book as to be the point. Book is important thing to increase you knowledge, except your teacher or lecturer. You discover good news or update regarding something by book. Numerous books that can you choose to use be your object. One of them is Disaster Medicine, 1e.
