Heard so much about investing but still haven't gave it a shot? Or perhaps this whole concept of investing sounds too complicated and you just don't know where to start?

**If you are a beginner investor then you are in the right place, keep reading...**

In **Investing: The Definitive Beginner's Guide: How To Grow And Protect Your Hard-Earned Money By Building Your Investment Portfolio** you will learn all you need to know before investing a single penny out of your hard earned money. You will find out the difference between Investing and Gambling (Huge btw), you will learn the fundamental principles of investing and how to go about it always in accordance of course with your own personal preferences. There are some traditional investment vehicles such as Bonds, Stocks and Mutual Funds and of course there are some alternate investments such as Options, Futures, FOREX, Commodities and Real Estate. You will be given the Pros and Cons for each one of them, so you can make sure you start your investing journey with something that will be more suitable for you in terms of style, budget or risk tolerance.

Furthermore, you will learn about risk tolerance and how to evaluate your returns. There are certain types of risks that you **MUST** be aware of, if you want your investing journey to be a productive and financially healthy one. Additionally, be aware that there are some mistakes that most beginner investors make and if you want to do it the smart way, you should learn how to avoid them.

Finally, you will find out how to form your own personal investment plan and the things that you should watch out for while doing so. Therefore, you will be able to make sure you develop a proper strategy (which you can of course adjust along the way) so you can grow and protect your hard earned money and enjoy this

financial journey as well.
