Quick Reference to Critical Care

Nancy H. Diepenbrock RN CCRN

Quick Reference to Critical Care Nancy H. Diepenbrock RN CCRN

The fourth edition of this pocket-sized reference guide to procedures, treatments, and stabilization techniques for disorders, injuries, and patient situations commonly seen in the critical care setting is now updated for use by nursing students as well practicing critical care nurses. Featuring new information on new drugs, defibrillators and EECPP therapy, this useful reference offers two sections providing quick access to need-to-know information. The first section is organized by body system, with problems of each system alphabetized. The second section contains essential information on drugs, dosing, conversions, calculations, compatibilities, laboratory tests, and more.

This edition features over 200 images and tables, as well as Fast Facts and mnemonics to foster knowledge retention. Cross-references include page numbers, which provides quick access to information without the need to search the index.

From reader reviews:

Erica Clark:

Reading a publication tends to be new life style in this era globalization. With examining you can get a lot of information that will give you benefit in your life. Using book everyone in this world can share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only situation that share in the textbooks. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors on this planet always try to improve their talent in writing, they also doing some investigation before they write to the book. One of them is this Quick Reference to Critical Care.

Christopher Ray:

People live in this new moment of lifestyle always aim to and must have the free time or they will get lot of stress from both lifestyle and work. So , once we ask do people have free time, we will say absolutely without a doubt. People is human not only a robot. Then we ask again, what kind of activity have you got when the spare time coming to a person of course your answer will probably unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative with spending your spare time, the actual book you have read is usually Quick Reference to Critical Care.

Cheryl Kirkland:

Does one one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Make an effort to pick one book that you find out the inside because don't determine book by its deal with may doesn't work at this point is difficult job because you are frightened that the inside maybe not as fantastic as in the outside appear likes. Maybe you answer can be Quick Reference to Critical Care why because the excellent cover that make you consider with regards to the content will not disappoint an individual. The inside or content is usually fantastic as the outside or maybe cover. Your reading sixth sense will directly assist you to pick up this book.

Dana Martin:

A lot of publication has printed but it is different. You can get it by net on social media. You can choose the top book for you, science, comic, novel, or whatever through searching from it. It is called of book Quick Reference to Critical Care. Contain your knowledge by it. Without departing the printed book, it could possibly add your knowledge and make you actually happier to read. It is most crucial that, you must aware about e-book. It can bring you from one location to other place.
