Finally there is a SAR Canine Training Log and Journal to organize search and rescue dog documentation. The SAR Dog Log and Journal allows the handler to easily record training sessions, environment, climate, type of problem or scenario, and results of each session on custom designed forms. This unique format manages a full years worth of weekly training, including over 50 blank training logs in one bound book. The Training Log and Journal is a simple and organized method to establish and track training goals, scenario-based training, and the outcome. Now handlers can easily document certifications, seminars, workshops and specialty events. It also provides space to document general obedience and agility training. In addition, handlers can now record brief SAR mission summaries, contacts, and general information. The formats are applicable for Air Scent, Human Remains Detection (both land and water), and Trailing dogs. A must have for all SAR dog handlers.
