What Looks Back Zachary Adams

A mixture of horror and fantasy. Where a foodie can't stop eating, and an EMT meets a patient unlike any other. Where a psychiatric has a taste for red meat, and elsewhere a statue greets the end of time. A fantasy that delves into the underworld, and another into the cyberworld. Psychological manipulation, one attempt resisted, another willingly accepted. Where late night autopsies prove the existence of the metaphysical, and an encounter with a gypsy creates monsters. A collection of short stories from the mind of Zachary Adams.
