Divine DNA: Vindicating The Virgin Birth Rev. David P Schneider Jr

Divine DNA offers a Biblically based examination, evaluation, and defense of the virgin birth as a vital essential to the Christian faith and to the person of Christ in particular. Between these pages one will learn the historical, theological, and biological aspects about the virgin birth. Evidence will be presented on a variety of topics including: (1) The reality of Christ as a historical figure within time and space; (2) The reliability of the Biblical record; (3) The prophetic potency of Holy Scripture; etc. Included is a refutation of common objections to the virgin birth and a comprehensive examination of the Hebrew word *almah* with a thorough defense that it should unequivocally be translated as "virgin" not as "young woman." It delivers a no-nonsense approach to this indispensable doctrine.
