Men, Masculinity and the Media (SAGE Series on Men and Masculinity)

Although studies of men and masculinity have gained momentum, little has been published that focuses on the media and their relationship to men *as* men. **Men, Masculinity and the Media** addresses this shortcoming. Scholars from across the social sciences investigate past media research on men and masculinity. They also examine how the media serve to construct masculinities, how men and their relationships have been depicted and how men respond to media images. From comic books and rock music to film and television, this groundbreaking volume scrutinizes the interrelationship among men, the media and masculinity.
