Future Armies, Future Challenges: Land Warfare in the Information Age

Future Armies, Future Challenges: Land Warfare in the Information Age

Contributions from some of the world's leading strategic thinkers on land warfare are collected in the work. The operational, strategic, and ethical conundrums that soldiers, their commanders, and the societies they serve will have to wrestle with in the future are analyzed by the experts, paying close attention to the impact of the information age. Topics such as urban warfare, coalition operations, the revolution in military affairs, asymmetric warfare, close combat, peacekeeping, military training and recruiting, and the challenges posed by terrorism are addressed.
