He saves lives every day, but until he met his omega this alpha had never thought about his love life...

Dr Gurney Keller isn't just the first **openly shifter surgeon** in the world. He's a **handsome, dashing, dominant gentleman** with a **fiery heritage** — he's **one of the last few dragons** left in North America. An immortal lifespan coupled with a workaholic attitude to life means Gurney immerses himself in saving lives, ignoring his own needs. Life gets lonely as an alpha who goes **centuries without a mate...**

Brandon Holland just doesn't have a clue about his future. If he's not careful, he might be stuck in his **dead-end retail job** forever. Indulging in his passion for photography with his friend Zara helps him take the edge off his boring life, but one **late, drunken misadventure** lands him in the hospital... and **only Gurney can save him** from himself.

Doctor and patient fall hard for each other, even though they both know they come from vastly different backgrounds. When Gurney tells Brandon about the **powerful, intense bond of alpha and omega**, the young human decides that's what he wants — but is he ready to take that responsibility... knowing that being with Gurney might result in him getting **magically pregnant?**

This 30,000 word steamy mpreg romance is fun, steamy standalone novella with a searing hot relationship between alpha and omega, culminating in a delightful HEA and incredibly satisfying epilogue!
