Beyond Success: Redefining the Meaning of Prosperity Jeff Gitterman, Andrew Appel

Most classic success stories go something like this: "I had nothing, but then discovered a new way of thinking, turned my life around and got everything I ever wanted" I could tell you one such story. I went from having nothing to everything I'd ever wanted in the space of about two years - what at the time was the life of my dreams - only to discover that success wasn't what I thought it was. I couldn't identify it, but there was still something missing. Implicit in the statement *money won't buy us happiness* is the idea that something else will, even if we don't know what that something else is. This is what led me to my beyond success story - the search for what lies beyond the things I thought would make me happy . . . Excellent, filled with wisdom and perspective. -Dan Rather, award winning journalist and author A must read for anyone concerned with their future and the future of our world. -T. Harv Eker, author of the NY Times #1 bestseller *Secrets of the Millionaire Mind* The concepts in this book challenge the way we think about and approach professional and financial life, whether you are one of the many millions stepping into retirement, newly entering working life or at a crossroads. -Kathleen Murphy, former CEO, ING US Wealth Management A thought-provoking, philosophical discussion of what happiness really is and what it takes to achieve it. This is a dialogue that should benefit everyone. -ForeWord Reviews For more information, please visit: BeyondSuccessConsulting.com and gawmllc.com Jeff and Andrew are also Associate Producers of the feature documentary film *Planetary*: planetarycollective.com
