Expanding Horizons James A. Long

Widely used as an introduction to theosophy, this book features short essays and roundtable talks with varying age-groups. Here in refreshingly-simple language is a re-presentation of primeval spiritual ideas distilled from the treasury of ancient tradition, the god-wisdom or theosophia inspiring every great religion.

More by atmosphere than by argument, the author stimulates inquiry without proselytizing. Christian and Jew, Hindu and Muslim, agnostic, freethinker, and theosophist may explore as they will the wide-open spaces of universal ideas.
