Gendered Realities is an interdisciplinary reader that situates the present understanding of Caribbean feminist scholarship after fifteen years of indepth and increasingly sophisticated research. The book provides a space for scholars to put forward new and challenging ideas and attempts to encourage new contributors to intellectual thought in the Caribbean. The essays deal with diverse and rich topics including the role of women in Caribbean art and the visual grammars of gender in early Caribbean painting as well as the development of "women's history" and "gendered history" in relation to the historiography of the English-speaking Caribbean. Other essays probe the representation of masculinity in Caribbean feminist thought, gender and adult sexuality, and symbols of masculinity in visual art.
