Dealing with stolen circus elephants, pit fighting alligators, and man eating pigs are a walk in the park for Detective Crombie.

However, it's when the Celtic Cousins get involved that the explosions really start.

When a circus elephant goes missing on Detective Inspector Crombie's watch, he immediately thinks of Wren and Rhyllann, who have to his mind made a career out of being the collective bane of his existence. And his instincts are correct: the Celtic Cousins HAVE been up to something--but when Crombie finds out what it is and why, he runs into resistance not only from his immediate superiors, but also from the corridors of power in Whitehall itself.

Will Crombie take the easy way out, or will he "leave the reservation" in an effort to do the right thing? The answer may surprise you...
