## The Epic of Gilgamesh

The longing stretch toward the infinite...the reluctant embrace of the temporal. This is the eternal lot of mankind. This is The Epic of Gilgamesh. Our revised 2nd edition of mankind's first epic features a lucid historical and cultural introduction by Dr. Biggs, a new interpretive essay on the themes of Gilgamesh by James G. Keenan and their echoes in other literature, and ancient world and original illustrations.

Though The Epic of Gilgamesh exists in several editions, this version has been undertaken with a very specific intent -- to remain faithful to the source material while attempting to convey the poetic scope of a work that is both lusty and tender and that retains the ability to arouse compassion and empathy in all who follow Gilgamesh on his journey. This edition aims to reanimate the story of Gilgamesh and Enkidu for modern readers, bringing it new life through indelible poetic images.

For centuries the beginnings of the literary history of the West were defined by the Hebrew Bible--what most people call the Old Testament--and Homer's epic poems, the Iliad and Odyssey. These texts were once naively imagined to have come about in splendid isolation either as a miracle of divine creation or the spontaneous combustion of the ?Greek genius.? The mighty stream of words down over the millennia to our own time are so many generations of offspring still somehow beholden to their initial begetters. Thus do we construe Western Literature.

- from Ancient Epic Poetry Chapter 8: Gilgamesh

Charles Rowan Beye
